

5185 Cobble Court Kelowna British Columbia

Upper Mission

$989,900

Tucked at the end of a quiet court in the Upper Mission, this well-kept 2004 family home offers 4 bedrooms, 3.5 bathrooms and 2,468 sq ft of easy living. Lots of natural light from the rear windows and a partial lake view. Upstairs, the primary suite with ensuite and generous closet space, plus another bedroom or office. The lower level adds two more bedrooms, rec room, second kitchen and full bath, ideal for teens or guests. Freshly refreshed with new interior trim and lighting, it's ready to move in. Out back, lots of space for kids to play, room for a hot tub, and space that doesn't require a lot of maintenance. A double garage, room to park, and a no-through-traffic location make it perfect for families, with schools, Kettle Valley shops, parks and trails all close by. (id:6769)
