Walking distance to the heart of Kensington, downtown, & the Bow River pathways, here's your chance to live where all the action is! This well maintained, non-smoking building is located on a lovely residential street so it really is the best of both worlds! Inside this corner, below grade unit you will find it to be bright & very well laid out! Large windows (which were replaced in 2007) allow tons of light into the spacious eat-in kitchen & living room, & the good sized bedroom is right across from the 4 pc bath which was updated in 2019. This condo has in-suite laundry, but the building also has additional coin-op laundry right down the hall! The windows on the north & east walls allow this condo to be cozy and warm in the winter & with a good cross breeze in summer. Worried about storage? Won't be a problem with the extra storage locker you have! Thinking of going carless? This complex has a secure bicycle shed where you can lock up the bike!
