Discover this meticulously maintained 2016-built home in Banff Trail. Premium custom finishes welcome you from moment you step foot into the spacious foyer and flow seamlessly across the maple flooring which spans both the main and upper floors. With an exceptional layout, the great room faces the front, accompanied by a cozy lounge equipped with a gas fireplace and the kitchen and dining room in the rear of the home overlooking the private backyard. The gourmet kitchen elevates daily living with high-end appliances, modern dual-tone cabinetry, a reverse osmosis drinking water system, and a full-size pantry -- a rare luxury in inner-city infills. Upstairs you'll find a stunning primary suite with custom king-bed nook and spa-like ensuite featuring a soaker tub and romantic double-sided fireplace. Two more generously sized bedrooms with custom built-ins in every closet, a four piece bath and laundry room complete the upper level. Well-maintained mechanicals include a water softener and radon mitigation system. Outside, the southwest-facing composite deck captures endless summer sunshine.
