You can stop looking, this is your dream home! Meet Adeline, she is a stunning 2 Storey featuring many upgrades; all in the gorgeous Goldwyn. The Adeline is the last home you'll need. All our homes are built to a standard most other builders consider upgraded. Coming into this home you'll find 9 foot floors on the main and lower levels. You have a beautiful main floor office for working from home, or turning into a small private den. Coming through the bright main level due to the oversized windows you'll come to the kitchen with ample counter space, featuring an oversized island with a flush eating bar and a walk-through butler pantry. The large open deck off the back is perfect for summer parties. Moving upstairs the large second and third bedrooms in the "kids' wing", complete with spacious closets in both, and a dual-sink vanity. You'll appreciate the upper laundry room in the Adeline. Which brings us to the primary bedrooms, which features a spa-like ensuite where you can enjoy long baths in your six foot soaker tub, or find peace in the oversized shower, and of course a massive walk in closet, featuring custom built-ins. We pick locations that are worthy of our beautiful homes, and Goldwyn is no exception. This beautiful space is awaiting construction of our next masterpiece. We have planned to build Adeline, but it's not set in concrete yet. If you are looking to build your truly custom home, your dream home can be designed on this home site. (id:6769)
