One of the larger floorplans available, this home includes a double garage and 1560 finished square feet of living space. Inside, the home is filled with natural light, compliments of the large windows and beautiful skylights. A spacious island kitchen offers plenty of cupboard and counter space, plus classy Maytag appliances. The open concept living space is ideal as the kitchen has a breakfast nook and adjoins to your family room (with gas fireplace); which all look out to the unobstructed water feature and gorgeous landscape. When having family and friends over, you'll appreciate the formal dining area and living room. There are 2 bedrooms and 2 full bathrooms; including a large master bedroom with a 4 piece ensuite washroom plus a walk in closet. You'll have peace of mind living here, as the hot water tank was replaced in 2016 and the homes even has new plumbing! The previous "poly b" plumbing has been replaced with "pex" plumbing, which will make your insurance company very happy! When it's time to socialize, head to the clubhouse for a good time. The club house offers a beautiful indoor pool and hot tub; swim a few laps everyday and enjoy keeping fit all year round. Centrally located in one of Kelowna's best neighborhoods, close to shopping, medical clinics, transit and so much more. (id:6769)
