\$789,000

Upscale living on Kelowna's KIRSCHNER MOUNTAIN. The perfect package for anyone looking for a great home with a PRIVATE BASEMENT SUITE. This classy home checks all the boxes and shows like new inside and out. Outside the home offers great curb appeal; with acrylic stucco and custom acrylic mouldings framing both the windows and doors. An oversize driveway offers RV/ boat parking and there's a separate walkway for the private basement suite. The fully fenced backyard is incredible with its big greenspace, giant covered deck, gardens and more. The home takes advantage of the backyard as it is easily accessed from the upper level; so you can keep eye on the kids, entertain, or BBQ the perfect steak while not being far from the kitchen. Inside, the pride of ownership continues. A great floorplan includes a classy living room, a dining area with a view and an island kitchen that would be the envy of any cook. With plenty of cupboard and counter space, updated stainless steel appliances and a pantry, the kitchen is perfect. 3 large bedrooms compliment the upper level, including a master bedroom with an ensuite washroom & walk in closet. The main level includes an oversize garage (workbench nook), a large foyer and den/ bedroom that would make a great home office. The basement suite has 9' ceilings, a full kitchen, its own laundry and should be seen to be appreciated. Extras include built in vacuum, wired and ready for a hot tub plus a no through road location. (id:6769)
