\$1,249,000

Kuipers Peak Park is renowned for some of the most awe inspiring views in all of Canada. This boutique community is adjacent to the park so you can enjoy hours of hiking and, you share that iconic view! Imagine relaxing on your deck at night with neighbours watching the sun set over the mountains and all of the glittering lights reflecting off the lake. This home is literally like new. It has only been slept in a few nights. But no GST! This is the largest home in the development & unlike those recently built, you can look out from inside your home onto the Okanagan Lake, a masterpiece painted by nature just for you! The owners have upgraded this unit significantly (details available upon request.) So the inside is (almost) as beautiful as outside. All the extra practical touches and additional decor are the finishing touches on a house you will be proud to call home. A single family home with these finishes and THAT view would cost double. It is a bright open floor plan that exudes quality and style. You are a walk from the new Village of Upper Mission with lots of exciting new stores, coffee shops, stores and services await. Just a few minutes from the beach, wineries and more restaurants. Plus the adventure & natural beauty of Kuipers Peak is right outside your gate! But no matter how far you wander you will always yearn to return to your friends, your patio and your stunning view. You will never tire of seeing the face of friends who walk in that first time... WOW! (id:6769)
