

3131 30th Avenue Vernon British Columbia

\$3,895,000

Positioned at one of Vernon's most prominent and high-traffic intersections, this iconic former bank building presents a rare opportunity for visionary investors and developers. Stripped to its concrete core, the 24,000+ sq ft structure offers a true blank canvas ready for adaptive reuse or redevelopment. The main floor is ideally suited for a high-exposure commercial use such as a restaurant, retail concept, or entertainment venue, while the upper floors are already framed for residential micro-suites but could easily be reimagined as offices, boutique hotel rooms, or creative workspace. A rare original bank vault remains intact, offering a unique architectural feature that could become the centerpiece of a future concept. With strong pedestrian activity, exceptional visibility, and ongoing revitalization in downtown Vernon, this property offers significant upside for those looking to transform a landmark building into something truly special.
