Welcome to Wilden and one of its most warm and comfortable homes. This quiet street of newer homes provides the latest finishes with the perfect setting for a family. Stone columns greet you as you enter the large foyer as it opens to the main floor living space. The living/dining and kitchen are one and complimented with many windows to allow volumes of natural light. There is a gas fireplace that can be viewed from most every vantage to enjoy on a cool night. The kitchen is fully equipped with U/M sink, induction cook top, B/I oven and massive island, all finished in quartz counters. Very stylish! The main adds an office with a closet, a powder room for company and the laundry with access to the garage. The garage presents as a double but includes a tandem stall to make a triple for toys and also hosts a dog wash. Upstairs has three bedrooms and two baths. The master has a walk in and the ensuite has quartz double sinks, soaker tub, separate shower all in heated floors. Downstairs is almost fully finished other than a mechanical room and a large 200 sq. ft. storage room. One full bath and bedroom are adjacent to a large family area. If you need a mortgage helper, the potential of a suite is clear by substituting a door for the window and creating access via a staircase. The yard is smaller but provides privacy inside and out. This is a wonderful home and offers many features to satisfy your needs. Come take a look! (id:6769)
