\$650,000

If you've been craving space, privacy, and a peaceful connection to nature--this one might be exactly what you're after. 20.2 acres with Chase Creek River running alongside the property, this is a truly special place. The 3 bed, 1 bath log home is full of charm, with vaulted ceilings, a cozy wood stove, and a warm, open feel. Upstairs you'll find two loft-style bedrooms and plenty of storage. There's also a newer little cabin on the upper part of the acreage--built in 2017--perfect as a studio, bunkie, or quiet retreat. You've got about 200 feet of river frontage in a safe gully, plus another 200 feet of stunning up-river views. Sit on the covered porch and take it all in--year-round sights and sounds from a rushing spring freshet to a soft winter trickle, with a 5-foot waterfall right at the edge of the property. The land offers several tiers with some amazing build sites overlooking open valley and mountain views. There's also a 559 sq ft workshop with 125-amp power, running water, a toilet, and attic storage. Backing onto miles of trails and just five minutes from Pillar Lake. (40 mins from Vernon) (id:6769)
