

Whitehorse Yukon

\$399,000

Imagine coming home, where the sunshine pours in your south facing windows and the peaceful greenbelt sits at the edge of your backyard, creating a sense of calm and connection with nature. Step outside onto your deck in a fully fenced backyard. Inside, this thoughtfully updated 3 bedroom, 2 bathroom home offers 935 sq. ft. of comfortable living. Brand new vinyl flooring, fresh baseboard trim, and newer appliances provide a modern touch throughout. But what truly sets this home apart is the opportunity to make it your own from day one. Prior to closing, all interior walls will be painted, and the purchasers will have the chance to choose the colours themselves, creating a space that reflects their style and vision. It will feel less like buying a home and more like stepping into the next chapter of your life. This property offers exceptional value and a fantastic location.
