

C/O 4007 32 Street Vernon British Columbia

\$125,000

Unlock the opportunity to own a well-established and highly specialized manufacturing business serving a unique and growing market across North America. This business has built a strong reputation for producing professionally crafted wooden propellers for ultralight airplanes and paragliders – a critical component in a passionate aviation community. All the materials are from Canada, and all the productions are made in Canada. The products had been sold in many places in North America and European countries. Located in beautiful Vernon, BC, this turnkey operation features custom-designed equipment and machinery, specifically tailored for precision propeller manufacturing. With a loyal client base spanning the continent and minimal competition in the niche, the business offers strong growth potential for a hands-on owner or strategic buyer. Whether you're an aviation enthusiast, woodcraft specialist, or entrepreneur looking for a unique venture with high-quality craftsmanship and stable demand, this business is ready for a smooth transition. The current owner will provide full training and support to ensure your success. (id:6769)
