

1778 Opal Peak Place Lake Country

\$1,599,000

BRAND NEW LAKE VIEW HOME! Another gorgeous design by Douglas Lake Custom Homes. Live in luxury at Lakestone, the hidden gem of Lake Country. This new home will boast 4 beds, 4 baths and over 4400 SF. The kitchen is impressive with a large 10' quartz island with seating for at least 5, extra large walk-through pantry with two doors, gas range, wall ovens and high gloss off white and brown cabinets. Cook and entertain while taking in the breathtaking view of the lake through the large view windows, which are featured throughout all 3 levels. A quick escape from the dining room to the large covered deck really brings the outdoors in and ensures you can easily enjoy those beautiful Okanagan days and nights from the comfort of your own home. Engineered hardwood floors cover most of the main, with tile in the bathroom and laundry room. This home features 3 gas fireplaces; tiled, doubled sided in the Master, concrete finishing on the main level and tile finishing in the basement. A quick jaunt up the open tread wood stairs brings you to the upper level where the whole space is dedicated to the Master retreat! Loft area with coffee bar, impressive 5 piece ensuite with heated floors and separate tub and shower, sitting area by the fireplace, large walk-in closet and private balcony. Finished suspended slab area in basement, rooftop patio and elevator! Landscaping included. Click on multimedia link for video of panoramic views! GST applicable. Chad Bennett RE/MAX Kelowna
