\$1,279,900

Beautiful lake & city views from this completely renovated home in desirable Upper Mission. The large, tiled entrance has 13' high ceilings & leads to the open concept living area with over 2,000 square feet on the main floor. Huge living room with 15' high, vaulted ceilings, floor to ceiling rock fireplace & lots of windows giving spectacular views of Okanagan Lake. Glass sliding doors lead to the wood deck that runs the length of the house. The large kitchen has stainless counters & appliances, lots of storage & a linear island that can seat 6 or more. The flooring, solid wood doors & trim throughout are made from beautiful Alder wood that gives the home a warm & inviting feel. The spacious master bedroom overlooks the lake, & the spa-like 5 piece en-suite is fully tiled with skylight, heated flooring, oversized double shower & double vanities. On the lower level are 2 more large bedrooms, family room & bathroom. The basement has a separate entrance & could easily be suited. The home has an elevator & 2 good sized storage rooms, one could be converted to a home theatre. Outside, the garden is extremely private. A custom pergola shades the outdoor seating area. There are 4 raised beds for growing vegetables & a custom, cedar sided chicken house & cedar-sided shed for extra storage. This is a solid, well built home that's been finished to an incredibly high standard, in one of the most sought after areas in Kelowna!
