

10006 83 Avenue 103 Edmonton AB

\$317,500

High quality built building with lots of extras & this particular unit is a main floor open layout with 2 bedroom, 2 bathroom, 947 sq ft 2017 built condo in the Strathcona neighborhood south of the North Saskatchewan river. This unit has 9ft ceilings which makes it show larger than its size, with a terrific open floor plan & amazing kitchen with quartz countertops, lots of cabinet space, & stainless appliances & higher end fixtures throughout. This very popular floor plan has 2 bedrooms, 4 piece main bathroom, with the master bedroom offering a 3 piece ensuite. This unit comes with 1 titled underground parking stall & storage area. The location of this beautiful building is great & close to all amenities but still located on a quiet street away from Whyte Ave. The building features lighted secure front entrance, rooftop patio with a great view which makes it nice for meeting friends & socializing. This is a great investment opportunity has current tenants that would like to stay.
