

120 WEAVER Drive Edmonton AB

\$999,995

Discover the ultimate family home with 5 bedrooms, 4 full baths, and a bonus room, offering over 5,000 square feet of refined living space, including a finished basement. The west-facing backyard provides breathtaking sunsets, with a motorized pergola and heater on the deck, ideal for outdoor gatherings. The kitchen is a chef's dream, complete with high-end appliances and a functional design. This air-conditioned home features heated floors for year-round comfort. The main floor offers soaring ceilings and an open-concept layout, combining formal and informal living spaces. Upstairs, the spacious bedrooms provide comfort, while the primary suite boasts park views, a walk-in closet, and a spa-like ensuite. The finished basement extends the living area with an additional den. A heated triple-car garage adds convenience and ample storage. Located in a highly sought-after neighborhood, you'll be close to shopping, golf, schools, and more. This move-in-ready home is the epitome of modern family living.
