

## 14908 132 Street Edmonton AB

\$459,900

A warm, comfortable, well-appointed home situated in a cul-de-sac close to desirable schools, parks and with great access to the highway - now available! Fully finished from top to basement with a double attached garage this home was designed for comfortable living with plenty of space to use. Easy to maintain with tile and upgraded laminate-wood flooring throughout (no carpet!) makes the home as practical as it is show-stopping. The large kitchen not only looks great, but also functions great with plenty of stone counter-top, cabinetry, an upgraded stainless-steel appliance package and an over-head range tying it all together. With many windows come lots of natural light, especially evident in the entry and filling the open-to below space, highlighting the already-grand entry way. The fully finished basement = move-in-ready! It has been completed with a large living space, extra-large bathroom, and a bedroom with an extra-large closet. Altogether this home has 4 bedrooms, 3.5 baths and air-conditioning.
