

179 Leva Avenue Rural Red Deer County AB

\$0

Situated with prominent exposure onto the Queen Elizabeth #2 Highway, Gasoline Alley West Shopping Centre is a well established commercial centre in the high traffic junction of Gasoline Alley. Gasoline Alley is a key rest stop located approximately half way between Calgary and Edmonton which serves as an important stopping point for commuters traveling between the two cities. The Shopping Centre also includes the only Tesla Superchargers between Calgary and Edmonton on the Queen Elizabeth #2 Highway. As a result, these charging stations are always busy and passengers frequently shop and eat at the Shopping Centre while their vehicles charge.
