

20624 22 Avenue Edmonton AB

\$699,000

We're so excited to show you this 'Streetscape' home in a 32 pocket lot in Stillwater! This 2787 sq ft home with open-concept layout has 5 bedrooms, 3 bathrooms, including a luxurious primary bedroom with a 4-pc ensuite and a bonus room. The living room is furnished with a gas fireplace surrounded by sleek tiles. This kitchen offers you plenty of space and storage options, with a pantry, long countertops, and end-to-end soft close cabinets with ceiling height. Special attention to the island table with its unique shape and built-in cabinets. This one-of-a-kind design sure does make the kitchen stand out. Beautifully designed stairs lead you to your spacious family room on the 2nd floor. On this floor, you'll have 4 bedrooms, all of which have walk-in closets. There is also a bathroom with a tub and a long countertop. The master bedroom is so huge that you can incorporate a separate sitting space, add in cozy corners, and whatnot. You can play with your decor and make it look like your favorite hotel room
