

2815 200 Street Edmonton AB

\$649,700

Here at AVI, welcome to your ideal house! This gorgeous two-story home has a side entry to the basement and 2,332 square feet of living space. The open concept kitchen on the 9-foot main level features quartz countertops, stainless steel appliances, an oversized pantry, updated cabinets, and a ceramic tile backsplash. Ideal for entertaining are the electric fireplace-equipped big room and the little dining nook. All of the main level's flooring is luxurious vinyl plank. A large master bedroom with a five-piece en suite and walk-in closet, two more bedrooms, the main bathroom, a bonus room, and handy laundry are all located upstairs. The great room's gas fireplace and the quartz worktops are other features. This house has a great location close to schools, parks, and stores. It also has easy access to the Anthony Henday. Don't pass up the opportunity of buying this wonderful property right now!
