

3521 ERLANGER LINK Link Edmonton AB

\$557,943

This BROOKFIELD RESIDENTIAL Rundle 24 is our most popular model... for good reason. This spacious Rundle 24 invites the whole family over with an open concept floorplan! With the spindle railing opening up the staircase, 50" electric fireplace warming up the great room, show home level finishings adding a wow factor, this home is sure to impress with its cozy vibes. The wide island and chimney hood fan kitchen appliance package adds a luxury feel and the walkthrough laundry to primary walk in closet provides functionality! This home is built in Edgemont, one of the West End's premier communities with access to the Anthony Henday, White mud, and top tier amenities nearby! The community is excited to welcome an upcoming K-9 Public School and values its proximity to Wedgewood Ravine.
