

5011 50 Street Red Deer AB

\$350,000

Located in a prime central district with excellent road access, transit connectivity, and a pedestrian-friendly environment, this mixed-use property offers exceptional versatility. The building features a main floor commercial space with an additional rear extension. The second floor includes two residential suites. Additional highlights include a full basement under the main building and underground storage area beneath the rear addition. An asphalt-paved rear parking area, this property is ready to support a variety of business and residential needs.
