$995,000

Welcome to the "Greenwood" by Homes by Dream, a beautifully designed two-storey home in Calgary's Alpine Park, ideally positioned directly across from a green space and park. With its striking architecture, elevated interior finishes, thoughtful family-friendly layout, and rare triple attached garage, this home brings together style, space, and functionality in one of southwest Calgary's most exciting new communities. From the curb, the home makes an immediate impression with a covered entry and clean architectural lines that create impressive curb appeal, while the park-facing location gives the front of the home an open, inviting feel. Step inside to a bright, open-concept main floor finished with wide-plank engineered hardwood throughout. The great room is anchored by a dramatic gas fireplace with a modern hearth, while oversized windows bring in plenty of natural light and connect the living space to the surroundings outside. The kitchen is the centrepiece of the main floor, combining warm natural wood cabinetry with a bold black island, quartz countertops, and a full stainless steel KitchenAid appliance package. A gas cooktop, built-in wall oven and microwave, and full-size French door refrigerator provide everything needed for everyday cooking and entertaining. The vertically stacked subway tIle backsplash extends to the ceiling around the stand-alone hood fan and open shelving, giving the space a polished, custom-inspired look. A walk-in pantry provides additional storage, while the oversized island comfortably seats four and opens directly to the spacious dining area. There's plenty of room for a large dining table, and sliding glass doors lead outside to a private rear deck framed by two exterior walls, creating a cozy courtyard-style setting. With a gas line for the BBQ and views over the backyard below, it's an ideal extension of the indoor living space ...
