

1638 10 Avenue Calgary Alberta

$10,979

Most office space near downtown Calgary comes in pieces: 600 sq ft here, 2,000 there.Suite 200 at 1638 10 Ave SW is different. It's the whole second floor, about 5,270 sq ft. It's already built out with 7 private offices, two open areas for team seating, a curved reception off the elevator, a kitchen, a server room and two storage rooms.Step out the front door and Sunalta LRT Station is right across 10 Avenue. Bow Trail and 14 St SW are minutes away, and parking is on-site.If your team is outgrowing its space, you can move into this one without a build-out. Message me to book a walkthrough. (id:6769)
