The Cambridge 26 is a spacious home built for entertaining guests, spending time with family, or even working from home. The main floor open-to-below area above the great room illuminates a grand, sun-filled space with its huge two-storey windows and to ceiling electric fireplace. The adjoining gourmet kitchen is a chef's dream with a huge island, including a walk-through pantry, which handily connects to the mudroom and offers ample storage space. The main floor flex room provides a spacious yet private space for a home office or can easily be converted into an additional main floor bedroom. Upstairs, the master bedroom is a relaxing oasis with its spa inspired 5-piece ensuite and spacious walk-in closet, separated from the secondary bedrooms and full bathroom by a beautiful central bonus room that provides extra space for family movie nights, a kids play area, or a game room.
