What a beauty! Perfect location on the back side of the complex in a quiet corner, steps away from Fish Creek Park! Go for long walks immersed in nature along paved pathways! This complex is incredibly well managed with strong reserve fund & low monthly condo fees that even include water & gas! The unit has been beautifully updated featuring modern design touches. Gleaming oak hardwood floors, newer windows & hot water tank. Re-designed kitchen features Black Walnut butcher block counter tops, loads of white cabinets & new appliances. Check out the induction stove! Enjoy your breakfast at the dining nook overlooking the beautiful back yard & watch the squirrels playing in the mature trees behind! 3 bedrooms & a fully updated bathroom upstairs. The Primary bedroom has room for a full furniture suite, features a large closet & nook area perfect for a computer or makeup desk. More space awaits you in the basement where the laundry machines & mechanicals are located. Look for the "secret door" that leads to a whimsical room professionally painted by a movie set designer. The yard has been transformed into a private oasis in nature. Enjoy low maintenance vinyl decking & stone bordered raised gardens! Walk out the back gate directly to your parking space. You will love getting to know the friendly, quiet, long term neighbours. (id:6769)
