

10 Windham Rd Lasqueti Island BC

\$780,000

12+ acres with a beautiful cabin that is nestled in a private valley and is surrounded by an orchard and a well established garden. It is located near the south end of Lasqueti Island which makes it a short walk to beautiful Squitty Bay Marine Park. An open concept design incorporates large windows and skylights make this cabin flooded with natural light. It was built with fir and cedar sourced from the area. The acreage has a sauna with a guest room built in. A small workshop and a coop that is ready for your chickens. A seasonal creek runs through the property filling a series of ponds designed for ample water in the dryer months. The owner has a water license for drinking water as well as a micro hydro setup. The Micro hydro is ideal to create electricity in the winter months, paired with a solar array to generate power for the sunnier parts of the year when the creek isn't supplying as much water. The back of the property is still untouched forest with a potential ocean view.
