This impeccably maintained and private West Coast Contemporary 3 bedroom 2 bath home features an updated kitchen with quartz countertops, a ductless heat pump for year round comfort, updated flooring and paint, and a super cozy wood fireplace in the family room for winter! Lots of natural light and the vaulted ceilings make each room feel welcoming and large! A main floor bonus living room also gives room for the family to spread out. Upstairs you will find the primary bedroom, another large bedroom, and a nicely updated main 5 piece bathroom. The fully hedged, large and private yard includes an ample driveway with lots of parking, access to the clean and functional double garage, a nice deck off the dining room sliding doors, and access to the lane way out back which can accommodate an RV or a boat for extra back yard parking. Tons of backyard sun means it's great for gardening, and there are blueberries, 2 prune trees, and a cherry tree as well. This is a great home!
