\$946,000

Mt Baker and ocean views can be enjoyed from this close-to-town, split-level home with easy-care grounds and its own private well. With an open concept plan, this 1,765 square-foot house offers a sizeable kitchen, a bright living and dining room with large picture windows, a woodstove insert, and a front patio overlooking the yard. Two bedrooms and two bathrooms are located just steps above the main living area, and the lower level offers a multi-purpose space and a third bathroom perfect for a home office with an accessible exterior entrance. The ample storage in the dry crawl space, the single-vehicle carport, and the sweet studio attached by breezeway serve an owner's practical needs and the two-minute drive to Ganges makes this location incredibly convenient. A great alternative to those wanting to be close to amenities but not ready for a townhouse.
