

770 Fisgard St 429 Victoria BC

\$749,000

Open house this Saturday, Sept. 21 2-4 p.m. Welcome to a historic landmark, The Hudson. This historic landmark was built for the Hudson's Bay Company in 1914 and converted to residential condos in 2010. The building pays homage to the history of the Bay with cool details and memorabilia throughout the common areas. The rooftop deck is probably one of the nicest ones in Victoria with fantastic landscaping, patio furniture, BBQs and incredible views of the Sooke hills and the city of Victoria. The Hudson is home to the Victoria Public Market, which offers many great dining options, from Indian, pizza, pasta, Mediterranean and much more. Unit 429 is a top floor suite, but there is a penthouse unit that partially overlaps over this suite. From the moment you walk into this incredibly bright suite, you will be impressed with the 2-storey south facing wall of windows. This unique 2-bed, 2-bath loft-style condo is equipped with a geothermal heat pump for efficient heating and cooling.
