\$1,849,000

This stunner is one of a kind. With a European flare, this 4 bedroom, 3 bathroom home sits on 2.4 acres among some seriously impressive estates. Crafted with meticulously detailed workmanship, this 4300+ square foot home is a rare and lucky find. From the Brazilian Cherry hardwood floors to the embellished trim, the wood alone in this house is a conversation piece. The use of stone is yet another cause for pause, with a stone portico upon your entry, and a beautiful stone fireplace in the living room, dining room and family room. Featuring in-floor radiant heating, granite countertops, a wine cellar, tons of attic storage, a triple car garage, stone driveway and only a short walk to ocean access. The private yard has several mature fruit trees and a man-made mini lake with a beach and a 100 foot long zipline. This lovely home and has room to host your whole extended family, should you desire. Rarely do properties on this exclusive cul-de-sac become available.
