

9900 Greenhill Rd Denman Island BC

\$985,000

On nearly 5 acres overlooking peaceful Morrison Marsh, this spacious and eclectic family home offers an opportunity to connect with nature: beavers, herons, eagles, and migratory birds are just steps away at the water's edge, where you can launch your canoe or kayak. The home features warm wood floors and open-concept living, with high ceilings and picture windows taking in views of the forest all around. Recent updates include renovated bathrooms and a new yoga/sun room. Downstairs a separate suite is ready for extended family or visiting guests. The yard has open grassy areas with mature rhododendrons and ornamentals, blending into the wildness of the surrounding forest. A detached studio/workshop would benefit from some refurbishment, but is full of character and would be well worth the effort. This home is close to beaches, trails, and downtown Denman with all amenities.
