

BLK 1006 Gold River (Off) Hwy Campbell River BC

\$635,000

This is British Columbia at its absolute finest! My client offered me the chance to stay for a few nights at this spectacular 37.5-acre property a stone's throw from Strathcona Provincial Park - WOW, what an experience. I can't say I've ever had such a close connection to nature in my entire life. No cars passed by the lot and I did not hear a single sound created by the public. You have clear water views in two directions: south towards Buttle Lake and Strathcona Park, plus a second equally breathtaking view of Upper Campbell Lake. At night, I saw the aurora borealis (visible with the naked eye) and millions of stars uninterrupted by light pollution. The cabin itself is a thoughtfully constructed log masterpiece in need of a bit of love from a buyer who wants a level of privacy you simply cannot find anywhere else. This is a fully off-grid property with a stable internet connection (if you desire). 3 distinct sleeping areas/though no formal bedrooms. Inquire today for more details
