

## Parcel A Main Rd Lasqueti Island BC

\$825,000

A beautifully built house in the woods. This bright, well built house is perched at the top of its high-bank waterfront knoll. Mature Douglas firs give you protection from the winds and from the top balcony you can look down the inlet and out into the straight. Inside features hardwood floors, tiles in the kitchen, plenty of windows and skylights to allow the natural light to flood in, a wood stove to keep you warm and cozy all winter long. There is a small guest cabin steps away from the main home to either rent out or entertain guests. The wood shed is full of fir and at the bottom of the driveway is a workshop space and greenhouse. This is an amazing place to live or have as your retreat to get away from it all. This is a 5 acre share in a Land Corporation.
