

## Edmonton Alberta

\$449,900

This spacious bungalow underwent a transformative renovation that seamlessly blended modern amenities with the charm of its mid-century origins. The interior walls were reconfigured to create a more open floor plan, allowing for a fluid transition between the living, dining, and kitchen areas. The kitchen underwent a complete modernization, featuring state-of-the-art appliances, sleek countertops, and ample storage space. A large kitchen island became the focal point of the space, providing both functionality and a social gathering spot. The bathrooms were updated with contemporary fixtures and stylish finishes, while maintaining a nod to the mid-century aesthetic. Clean lines, minimalist design, and a neutral color scheme were chosen to create a timeless and sophisticated atmosphere. Next, a fully finished basement with two bedrooms, second bath, large family room and a second kitchen - perfect for a blended family! Enjoy your own backyard on those fine Edmonton summer nights!
