

Stony Plain Alberta

\$480,000

RARE FIND: It's not every day you find a 5-bedroom home on a massive lot for under \$500k! The major exterior expenses have all been handled within the last two years, including a New Roof, Siding, Soffits, Fascia, Gutters, and Windows—plus a brand-new fence installed this year. These are massive costs you won't have to worry about for decades to come! Inside, you'll find loads of upgrades like new flooring, fresh paint, baseboards, and a renovated main bathroom. With 3 beds up and 2 down, the layout is perfect for a family and offers more space than most modern new builds. The property also features a heated garage with a built-in woodshed, a garden shed, and a breezeway—ideal for storage or winter projects. Not to mention the triple driveway and dedicated RV parking. **INVESTOR ALERT:** This 1,200 sq ft bi-level has incredible potential as a rental property, featuring separate entrances and a basement that could be easily converted into a separate unit.
