

## Edmonton Alberta

\$700,000

Backing onto the park in the sought-after community of Kinglet, this home offers something new builds simply can't: fully completed landscaping, driveway, and fencing already done. Move in and enjoy from day one. The main living area rises to 18-foot soaring ceilings while 9-foot ceilings continue throughout, keeping every room feeling generous and light-filled. The kitchen is built for people who actually cook, with a gas countertop range, hoodfan, and a fully upgraded appliance package. Upstairs, the floorplan flows with intention. The primary suite connects directly to a walk-in closet with laundry steps away, making daily routines genuinely effortless. The ensuite delivers a spa-like experience with a double vanity, glass shower, and elevated finishes throughout. A spacious bonus room rounds out the upper level with flexible living space the whole family will put to use. This is where busy lives slow down, weekends stretch out, and the life you actually wanted begins. (id:6769)
