5 levels for the price of 4! Welcome to your 1736 sqft 3 bedroom, 2.5 bathroom 5 level split with so much space for the family! This property is located in a fantastic neighborhood, close to schools of all levels, Londonderry Mall and all of its amenities, and so much more! This property is well laid out where you have a foyer, family room, and half bath on the main level, and the living room, dining room, and kitchen on the 2nd level. The upper level has 3 bedrooms and a full bathroom. The 4th level is an open space with built-in cabinetry, but if you wanted to take advantage of the windows, adding a 4th bedroom would be ideal here. Finally, the lowest level has 2 rooms that I would suggest converting into a rec room, especially if you added that extra bedroom on the floor above. Outside in the West-backing yard, it has an over-sized detached double garage, swinging gate, and a large new driveway. This property has been lovingly cared for over the decades with numerous updates, but ready for your tastes. (id:6769)
