VERY Unique! A main floor bungalow condo with a BUILDER DEVELOPED BASEMENT. You've probably looked at properties like this before and thought they were too small, not this one, 3 bedrooms, 2 FULL baths and over 1500 square feet of living space with traditional main floor layout with living room open to the big kitchen with neutral decor, stainless appliances and an extra fridge/freezer that can stay, 2 good sized bedrooms with big windows & full 4 piece bathroom and convenient stacked laundry complete the main level. There are VERY few units like this with a BASEMENT, this is incredible living space with 9' ceilings, a massive living room, bedroom and a full 3 piece bath. If you have been looking for something spacious at an AFFORDABLE price in a really good neighbourhood, this could be it.
