\$560,000

Charming 1940s Farmhouse in the Heart of Edmonton! This rare, large 4-bed, walk-in closets, 2-bath character home is a true piece of Edmonton history. Originally a farmhouse--with a vintage photo included to prove it--this property offers a unique glimpse into the city's past. Beautifully maintained, it features original hardwood floors, French and Dutch doors, and a sun-filled living room with big windows and an electric fireplace. A 2005 boiler and classic radiators keep the vintage charm while adding modern comfort. The spacious layout includes a large dining room off the kitchen and a fully finished basement. Outside, enjoy a huge front and backyard and a double attached garage. Upgrades like triple-pane windows and foam-insulated siding add efficiency without compromising character. This one-of-a-kind home blends soul, style, and history--right in the heart of the city. (id:6769)
