The Affinity model blends craftsmanship and comfort for today's family. It offers an extra-wide double attached garage, 9-ft ceilings on main and basement levels, a separate side entrance, and vinyl plank flooring. Off the welcoming foyer is a full 3-piece bath with walk-in shower and a main-floor bedroom—ideal for guests or multigenerational living. The open-concept kitchen, nook, and great room invite gathering, with large windows and patio doors to the backyard. The kitchen features a peninsula island with eating ledge, Silgranit undermount sink, chimney hood fan, built-in microwave, full-height tile backsplash, soft-close cabinets, and a corner pantry. Upstairs, the primary suite includes a 4-piece ensuite with double sinks and tub/shower combo plus a walk-in closet. A bonus room, laundry, main 3-piece bath, and two more bedrooms with ample closets complete the level. Black plumbing and lighting fixtures, basement rough-ins, and the upgraded Sterling Signature Specification are included for big value. (id:6769)
