Built by Sterling Homes, the Artemis is a masterwork of scale and functionality, featuring a double attached garage, 9' ceilings, and a separate side entrance. The main floor offers a rare sitting room and a secluded bedroom with an adjacent full bath--ideal for guests. The heart of the home is an open-concept gourmet kitchen with Quartz surfaces, a walk-through pantry, and a massive great room with a dramatic 17-foot ceiling and electric fireplace. Upstairs, the primary retreat features a 5-piece spa ensuite and a walk-in closet. The second level is rounded out by an airy bonus room overlooking the floors below, a laundry area, and two additional bedrooms with their own walk-in closets. Finished with brushed nickel fixtures and the Sterling Signature Specification, this home maximizes every inch of its sophisticated layout. (id:6769)
