

Rural Parkland County Alberta

\$239,000

WOW what a gem. Straight South of Stony Plain on pavement and close to the river. This amazing four (4) acres is rare indeed given its abundance of evergreens and walkout building site. This PIECE OF PARADISE is so peaceful that you won't want to leave when you visit. Many lots come on the market but few are like this one. Newly subdivided and not in a named subdivision means you won't be restricted by developer covenants. Me thinks GONE SOOOON (id:6769)
