Some condos ask you to compromise on space. This one gives you room to begin. Nearly 800 sq ft, two true bedrooms, and a layout built to grow with you instead of one you will outgrow in a year. The second bedroom is whatever you need it to be. Home office on Monday, guest room when family visits, nursery down the road. You decide. Mornings here start warm. Titled parking means no scraping ice off your windshield before work, and titled storage keeps your bikes, skis, and off-season boxes out of your living space, not stacked in a closet. Need to blow off steam after work? The fitness room is an elevator ride away. When people come to stay, the guest suite means they get their own space and you keep yours. Winter grime disappears in the car wash bay. Set in Glastonbury, you are minutes from shopping, restaurants, parks, transit, and the routes that get you across West Edmonton fast. This is not a condo you settle for. It is the home that makes your first chapter feel like the right one. (id:6769)
