This is the kind of home that makes life feel lighter. The heart of it is a kitchen built for real cooking and real hosting: quartz counters, a gas range, and a full spice kitchen that keeps the fragrant stuff contained so the rest of the home stays fresh. Step into the custom mudroom and the built-in bench and lockers catch the chaos at the door before it reaches the rest of the house. With 2,705 sq ft across two storeys, you get space to grow into and room to gather in. The legal 2 bedroom basement suite with a full bath is ready for extended family, a mortgage helper, or guests who stay a little longer than planned. The extras here are rare for new homes: appliances included in the main home, window coverings throughout, an alarm system, and permanent exterior lights so the holidays are always ready. Set in Paisley with trails, dog parks, and quick access to Windermere, South Edmonton Common, Anthony Henday, and the airport. Some homes feel right the moment you walk in. This is one of them.
