Modern, fresh, clean & updated. All these words can be used to describe the complex & unit #27. A large paved patio invites you to come into the ceramic tile of the entry. To the right the large, comfortable living room with tons of natural light, as well as decorative scone lighting, cool in the summer & warmed in the winter by the corner wood fireplace. Like to entertain? The large dining room is open to an bright kitchen with custom cabinets, loads of counter space, & walk in pantry, what more could you ask for? The primary bedroom has a walk through closet to the shared renovated tile & granite 4 piece bath. A 2nd bedroom complete this great home. There is a large locked storage room and furnace room just off the front patio. All the exterior of the buildings have now been changed from a tired wood look to a low maintenance modern vinyl. With newer roofs, newer windows, newer decking all recently done, you've got nothing left to do but enjoy. (id:6769)
