

Edmonton Alberta

\$679,900

Built in 2022 and exceptionally maintained, this stylish 2-storey in Keswick combines comfort, upgrades, and location. Situated on a quiet, family-friendly street near schools and walking trails, this home is not a zero lot line and includes standout features like KitchenAid appliances and automated Hunter Douglas blinds—a rare find in newer construction. Enjoy 9' ceilings, central A/C, side entry, dimmer lighting, solar panel rough-ins, and a full security camera system. The kitchen impresses with quartz countertops, an extended island, and a convenient walk-through pantry. A private main floor office adds function, while upstairs offers a central bonus room, laundry, and three large bedrooms—highlighted by oversized secondary rooms and a spacious primary with double sinks and a walk-in closet. The basement is undeveloped and ready for future plans. A modern, move-in ready home in one of Edmonton's most desirable southwest communities. (id:6769)
