Before you start complaining to me saying eww it's so dated, I say NO! That's RETRO, quality products made at a time when craftsmanship and durability with good materials mattered! Everything old is new again so come on in and embrace it. This well-kept townhouse offers a practical layout, plenty of storage, at a price where you can make it your own. The main floor features a bright eat-in kitchen with generous cabinetry, ample counter space, and room for a dining table. Upstairs, you'll find comfortable bedrooms with good closet space and a full bathroom. The Primary could even fit a king, if you are into that. Downstairs adds valuable extra living space with a finished family room featuring warm wood panelling and a brick feature wall -- a great spot for movie nights, a gaming room, or a relaxed cool second living area. There is also an additional bathroom, laundry area, and plenty of storage. Located close to schools, shopping, This Edmonton Life could be yours. (id:6769)
