This beautiful, open-concept 5-bedroom, 2-bath, bungalow has been professionally designed and fully renovated. This home is extremely spacious, with a bright and open layout. In the living room, there's an electric fireplace with tile spanning from floor to ceiling. A massive kitchen with an abundance of cabinets, counter space, and an enormous island. The 3 bedrooms on the main floor are huge and include custom closet towers. Downstairs you'll be in awe of the massive rec room, wet bar, two additional bedrooms, and a full 3 pc bath. Outside, there's a large oversized double detached garage with high ceilings and a concrete pad with plenty of parking. No expense has been spared with this turn-key property: new high-efficiency furnace, hot water tank, windows, electrical panel, flooring, cabinets, countertops, tile, doors, trim, plumbing, interior and exterior paint, and appliances. Located in the heart of Fulton Place close to the river valley, parks, schools, and a short commute to downtown Edmonton. (id:6769)
