3+1 bedrooms, 3 full bathrooms, 3 separate living spaces, 2 double garages and 2 gas fireplaces...WOW, what a great combination!! Yes, not only do you have an attached garage, there is also an oversized, heated double detached garage; both are insulated and drywalled. The home itself is a 4 level split and has it all with its vaulted ceilings in the living/dining area and a large kitchen that looks into the home's primary family room with fireplace on the 3rd level. Also on the 3rd level is a bedroom and a full bathroom. The top level has an upgraded bathroom, 3 bedrooms that include the Primary bedroom with 3-pce ensuite and large walk-in closet. The bottom level has the 2nd family room with fireplace, a den and a cold room. Leading out the kitchen's patio doors is a huge maintenance-free deck, a good-sized yard w/ RV parking, fire pit and the aforementioned detached garage. (id:6769)
